

Education – Annotated Bibliography Example

Citation (APA):

Hattie, J. (2009). *Visible learning: A synthesis of over 800 meta-analyses relating to achievement*. Routledge.

Annotation:

Hattie synthesizes findings from hundreds of studies to identify factors that influence student achievement. The book emphasizes feedback, teacher clarity, and student engagement as key contributors to learning outcomes. This source is reliable due to its large evidence base and comprehensive analysis. It is useful for education research focusing on teaching strategies and classroom effectiveness.
