

# How to Write Poetry for School

Topic: Nature

Free Verse Form

The sun rises, the day begins  
Nature awakens with a new life  
Birds chirp, flowers bloom  
A symphony of colors, a sweet perfume

The trees sway, the leaves dance  
A gentle breeze whispers in my ear  
Nature's beauty surrounds me  
A perfect harmony, a pure ecstasy

The river flows, the fish swim  
A tranquil melody, a peaceful hymn  
The mountains stand tall, the clouds drift by  
A majestic view, a breathtaking sight

Nature, my teacher, my guide  
A reminder of life's true essence  
A source of joy, a gift of love  
An eternal bond, a connection divine
