

Personal Statement Example for MBA

My name is Jane Smith and I am applying to the MBA program at XYZ University. Throughout my academic and professional career, I have consistently demonstrated a commitment to excellence in all of my endeavors.

I started college as an undergraduate student majoring in Business Administration before deciding to pursue my Master of Business Administration degree. During my time as an undergraduate student, I was able to gain valuable experience through internships with two prominent organizations – one a Fortune 500 company and the other an international nonprofit organization.

More recently, I worked as a financial analyst for a large multinational corporation where I had the opportunity to develop my quantitative skills by managing multi-million dollar budgets and developing sophisticated financial models. This experience has been invaluable in helping me understand the complexities of the business world and how to best leverage resources for maximum results.

In my current role as a senior consultant at a boutique consulting firm, I have had the opportunity to work with some of the most successful companies in their respective industries. Being part of the team that was able to provide value-added solutions to such high-caliber companies has been immensely rewarding.

My ambition is to use the knowledge and insight I have gained throughout my academic and professional career to help organizations reach their highest potential, both financially and operationally.

With an MBA degree from XYZ University, I am confident that I will have the necessary skill set to achieve this goal. I am excited to have the opportunity to

contribute to XYZ University's MBA program and be part of its vibrant student body.

I look forward to further exploring my academic and professional interests, networking with peers, engaging in stimulating classroom discussions, and contributing to the dynamic learning environment at XYZ University. With my enthusiasm for business and dedication to excellence, I know I would make a valuable addition to your program.

Thank you for your consideration. Sincerely, Jane Smith
