y short-term career objective is to work as a strategy consultant at a leading firm such as lcKinsey or BCG, where I can engage with complex business problems across industries and eographies. This role will also help me enhance my analytical decision-making, gain executive-vel communication skills, and understand how high-impact organizations can translate rategy into tangible outcomes. As a sales and marketing professional, I have observed how otential products and motivated teams fail in the absence of a coherent strategy and aligned adership. A career in consulting will enable me to address this gap while accelerating my evelopment as a business leader. My long-term goals revolve around becoming a senior leader a growing organization and eventually establishing a venture based on sustainable and clusive business solutions. I am determined to establish organizations that can be both ommercially successful and contribute to the world's social and economic challenges, especially the developing world, where innovation and ethical leadership are in demand. I aspire to ecome a leader who integrates financial discipline and long-term value creation to society. arning an MBA from Harvard Business School is crucial inachieving these objectives. Studying : Harvard Business School will help me refine my skills of effective decision-making through the xperience of real business-related issues. Other relevant courses, including Leadership, rganization Behavior, and Strategy, will enhance my capabilities in managing diverse teams nd generating scalable business models. The HBS community is also very crucial. Studying with diverse group of students who have different international and professional experiences will elp open my mind and break my assumptions. The focus of the School on "leaders who make a fference" resonates well with my desire to make a difference beyond profit. Harvard Business chool will not only equip me with essential knowledge on business, but also instill confidence,
